

# GLS

Halogen GLS retrofit energy efficient lamps available in a wide selection of wattages and cap types to suit a variety of every day applications.

- 2,000 hour life
- Energy saving
- BC-B22d or ES-E27 cap
- Clear finish
- Dimmable
- UV stop glass
- Internally fused for safety

The switch-on surge of a mains voltage halogen lamp is higher than that of an incandescent lamp and hence it may be necessary to reduce the total wattage per circuit to avoid nuisance tripping of associated breakers. The use of dimmers will exacerbate this problem and, in extreme circumstances, it may be necessary to reduce the installed wattage by 50% of the breaker's rate capacity. If in any doubt, please contact a qualified electrician.
